What law, rule, regulation, or standard do you believe was violated?

I am not working for the military so I can't be sure specifically. Here is guess: - disclosure of top secret information to a civilian - potential blackmail even though I hope I am mistaken and that I was told what I was told for my own protection. Please confirm. - misprision of felony 18 U.S. Code § 4: the U.S. intelligence community should have know in the second half of 2019 that some serious financial crimes were taking place. Was it reported to the DoJ and FinCEN?

Briefly summarize how our office can assist you regarding this matter.

I feel my life and the life of my loved-ones are now in jeopardy because I was first told about what I believe can only be TOP SECRET or higher classified information. I have to submit using this form since I am a civilian and I don't have access to other systems. I need answers. VERY QUICKLY. Carefully read the PDF I attach.
